

**Shelmire Ministries** is a wedding officiating service based out of Kansas City, Kansas. This company can perform vow renewals and civil ceremonies alongside religious and non-religious services. We are willing to work with all people and help them make their dream come true. To-be-weds are invited to write their own vows, to make the ceremony extra meaningful. They enjoy serving the people. Their goal is to help couples come together physically, spiritually and help to plan a financially sound future.

**Services Offered**

Shelmire Ministries offer premarital counseling to help each couple prepare for this new stage in their lives together. We utilize an electronic assessment taken by both individuals getting married. We also offer it to those who have also been married. After the assessment is returned we will have at least 4 (1) hour sessions to discuss the results. This allows the couples to have those special conversations which can be facilitated by a third person and give them the freedom to discuss how they truly feel uninhibited.

Photography is also offered. Types of shots that can be taken are: Prior to the wedding, during the wedding and during the reception. Packages are available for set shots, as well as individual pricing per picture. This will be determined by the couple and photographer.

### Meet the Staff

Hi I'm Rev. Cheryl Shelmire

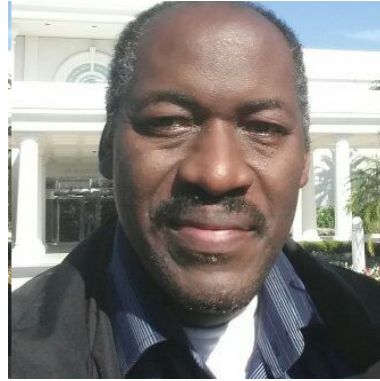

I began this ministry in 2016 when I found many couples were not churched and yet they had the desire to be married by clergy.

I felt it was my calling to help and meet couples where they were. My goal is to help you have the most memorable day of your life with as little stress as possible. In the process we are sharing God's love with all mankind,

We have performed as of 2023 over 220 weddings and counting.

Wherever the couple wants their wedding, we are willing to travel. I do not have a permanent location so "Have wheels will travel". My preferred areas are within the Greater Kansas City Metropolitan area both Kansas and Missouri up to 100 mile radius, but let's talk if you are a little bit outside that range.

Look forward to working with you.
