

What I do to Honor you and Fees **<https://www.onespiritbeachweddings.com/>**

I love being a wedding officiant and getting to communicate the significance of couples' relationships.

Your special day is one of the rare defining milestones of your life, a powerfully galvanizing moment that will change your lives forever. I am proud to bring love, joy, excitement, and strength to your wedding/renewal ceremony, inspiring all who witness your vows.

I will invest many hours into making your wedding/renewal ceremony personalized, extraordinary, and memorable for you. **Nearly 450 happy and satisfied couples.**

Part of what you'll get from me, besides loving care:

- At least one interview with the two of you, as needed.
- I will make creative suggestions on thoughts, prayer, and special ceremonies options.
- I will prepare what you need to choose from what we've developed over the 20 years I've been officiating all types and styles of ceremonies.
- I will write and edit until we polish your chosen selections to your specifications.
- I will travel to your chosen destination and be 30 minutes early on your wedding day.
- I will follow up with the licensing requirements and return it to where you got it.
