Our standard packages, all of which are fully customizable to give you the exact service you need, include:

- **Plan to Handle It:** You got engaged and know exactly how you want your wedding to look and feel, but you're not interested in being consumed by the daily planning or behind-the-scenes activities. We'll take the reins and execute your vision flawlessly so you can truly kick-back and relax. Imagine you're on the beach, drinking cocktails and we are planning your wedding for you! Plan to Handle It includes venue selection, contract negotiations, vendor management, budget creation and management, payment tracking, attend meetings on your behalf, event design, guest accommodation blocking, and so much more! Investment starts at \$7,500.
- **Plan to Keep Me Sane:** An enhancement to the Plan to Save the Day service package, our hands-on partial planning option includes all the benefits of the "Save the Day" services, plus budget creation, contract review, personalized vendor recommendations, and design input to give you the most amazing and memorable day of your life. Investment starts at \$4,500.
- **Plan to Save the Day: "Day-of" Management:** Coordinating for your dreamy day begins 2-months prior to your wedding. You've done all the planning so far, but now you're ready to turn over the details and breathe. Investment starts at \$2,500 for our D/FW metroplex couples. For weddings outside the D/FW metroplex, contact us at 972.567.5898 or email hello@planitwithme.com for a custom quote on any of our service options.
