Groupmuse for Hire Pricing

We put together custom packages based on your needs for your special event. As a result, we do not offer flat rate pricing, since determining a fair rate for the musicians depends on the number of musicians, artistic considerations, etc.

Our artist rates start at:

- \$350 for the first hour per artist
- \$175 for each additional hour per artist

Additional expenses may come into play, including cartage (instrument transport, etc.) and rehearsal time if requesting particular repertoire.

Groupmuse adds a 15% commission on top of the artist fee.

Once we've discussed your needs and expectations, we're happy to put together a quote for you.
