

the
mighty
kicks!

When you book The Mighty Kicks! You have 4 hours of live music by with one hour of taped/iPod music. They will announce the traditions you plan to observe, and introduce the wedding party. Also, you may use their Mic for announcements and toasts. They always try to learn your first dances. If they can't, they will download them for you.

A stage is nice but not a necessity. If your venue doesn't have a stage, no worries. We request an \$850.00. deposit and the balance is due the night of your reception. Call/Email if you have any questions. We are here to make this stress free!!
