HUDSON SUGAR BY SAM

Stephanie A. Mora

Thank you for considering my business for your celebration!

With a background in the foodservice industry and a degree in Culinary Arts, I bring both professional and creative experience to ensure you have a cake that reflects your style.

The cake will be the final hurrah of your event, so make it a knock-out!

Pricing

Prices include cake set-up and my special one-year anniversary cake. All cakes are made fresh, and use real butter, eggs, cream cheese, etc. There are no pre-made frostings, fillings, or cakes mixes used.

I specialize in sugar flowers and that price is additional. Alternatively, you can have your florist provide cut flowers for me to arrange on the cake. In either case, as we progress, we can design your cake according to your esthetic.
