

2024 Officiant Service Rates

My rates are based on the time I will need to put in to preparing your ceremony, along with factoring in distance and tolls. These rates may be modified if your ceremony doesn't quite fit into the parameters of any one package. My rates can also be somewhat flexible if need be.

*Note: The rehearsal rates are based on rehearsals that are on a day other than the ceremony date. In most cases it is not necessary for me to attend a rehearsal, unless the ceremony includes many participants and complicated elements, or if there is no coordinator and you need me to run the rehearsal. Day-of rehearsals are free of charge.
